DESCRIPTION OF DRAWINGS

[Brief Description of the Drawings]

[Drawing 1]It is structural drawing of a surface acoustic wave resonator showing the 1st example of this invention.

[Drawing 2]It is structural drawing showing the conventional surface acoustic wave resonator.

[Drawing 3]It is a sectional view showing the manufacturing process of drawing 1.

[Drawing 4]It is a schematic illustration showing the magnetization work of drawing 1.

[Drawing 5]It is a figure showing the surface acoustic wave resonator of <u>drawing 1</u> carried in the stem.

[Drawing 6]It is a figure showing the frequency characteristic of the surface acoustic wave resonator of drawing 1.

[Drawing 7]It is a figure showing the frequency characteristic of the surface acoustic wave resonator of the 2nd example of this invention.

[Description of Notations]

- 11 Piezoelectric board
- 12 Underlay
- 13 Input terminal
- 14 Output terminal
- **15 IDT**
- 20 Insulator layer
- 21 The thin film of a ferromagnetic
- 30 Electromagnet
- 40 Stem
- B Ferromagnetic material layers
